Remarks: DEMO: entirely synthetic data. Not evidence for a real construction site.				

Defect Reports

No.	Date/Time	Description	Action	Due	Resp.
1	23/09/2026 11:00	In this example, packaging materials obstruct the marked access route. Check that access is clear before work resumes.	Remove materials, mark the storage area and inspect the access route together. These example entries are not general safety instructions.	24/09/2026	Demo site management
