1 Entries · DEMO - New workshop

23/09/2026

Working times

• 09:00 - 17:30, Break 30 min, Net 8 h 00 min

Current condition

Shell structure in section A. Routes marked in the demo project.

Activities

07:30: coordination meeting for trades.

09:00: access route inspection.

13:00: delivery according to the demo schedule.

Special observations

One observation was recorded as a defect and assigned to demo site management.

Other notes

DEMO: entirely synthetic data. Not evidence for a real construction site.
